

Brief, right. What is the FCC Enforcement Division doing about the Blatant, Intentional "INVASION" of illegal, Unlicensed American Trucker's (Extremely Foul-Mouths) into the 10 meter amateur radio band (28000 to 29700Kcs), mostly on AM mode.

I get cussed out by these obnoxious foul-mouths and 2 threats on my life so far in the year 2002.

You all going to just let it slide, as with the uncontrollable 27Mhz crap?
